EDUCATION

- **Bachelor of Science (Geology)**
Obafemi Awolowo University | 2020

PROFESSIONAL SUMMARY

As a Frontend Developer, I excel in crafting responsive and visually appealing web applications using HTML, CSS, JavaScript, and TypeScript. With expertise in modern frameworks like React and Next.js, I ensure seamless user experiences and robust functionality. My proficiency in testing platforms like Cypress and Jest, CI/CD with GitHub, and API integration guarantees high-quality, scalable solutions. I bring a proactive approach, strong problem-solving skills, and a passion for delivering exceptional results, making me a valuable asset to any development team.

WORK EXPERIENCE

- **Frontend Developer** October to May 2024
GWC TechSchool Africa, Nigeria
 - Developed responsive web applications using TypeScript and React.js, ensuring high-quality code and user-friendly interfaces.
 - Integrated data visualization components and charts using libraries like Chart.js and Recharts to provide meaningful insights to users.
 - Collaborated with cross-functional teams using Git for version control and code collaboration, adhering to best practices and workflows.
- **Financial Administrator** 2023 - Present
Revelation Energy Resources, Lagos, Nigeria
 - Implemented cross-checking mechanisms against purchase orders, sales orders, and ensuring data accuracy and integrity delivery notes to identify discrepancies.
 - Integrated real-time data from various sources to streamline the inventory tracking process.
 - Generated detailed reconciliation statements using advanced data analytics tools for management review.
- **Instructor and Trainer** 2023
Echete Academy, Lagos, Nigeria
 - Developed comprehensive lesson plans and tutorials to facilitate student learning, incorporating hands-on exercises and real-world examples to reinforce concepts.
 - Assisted students in understanding React.js syntax, best practices, and common development patterns, fostering a deeper understanding of front-end development principles.
 - Provided guidance and mentorship on React.js projects and assignments, offering personalized feedback to help students improve their coding skills and problem-solving abilities.
- **Tm30 Global Limited** September 2022 - June 2023
29a Berkley Street, | Lagos island, Lagos state
 - Led the development of responsive and user-friendly web application using HTML, CSS and Javascript
 - Implemented complex front-end features and functionalities using modern frontend framework such as React
 - Integrated with backend services and APIs to fetch and display dynamic data meetings.
 - Contributed to agile development processes, including sprint planning and daily stand-up
